This book explains the universal laws and principles that form the foundation of magical practice and will help you find the confidence and skill essential not only to writing and casting your own spells, but to applying magic to every area of your life.

Carl McColman writes about the spiritual life. His books published since 2010 express his love for contemplative, monastic and mystical Christianity. His older books, published before 2005, explored a variety of topics including paganism and goddess spirituality. Carl's work is characterized by an optimistic, expansive understanding of spirituality, rooted in Christianity while embracing the wisdom of the world's contemplative traditions. In his own words, "I am passionate about helping people to embody creative, joyful lives of love and service, formed by prayer, silence, and the wisdom of the saints and mystics." Carl McColman learned the practice of contemplative prayer at the Shalem Institute for Spiritual Formation. He is a professed Lay Cistercian -- a layperson under the guidance of Trappist monks. He regularly speaks, teaches and conducts retreats on contemplative Christian practice, and blogs at www.carlmccolman.com.
