Se suele decir que la educación y la formación son las llaves del futuro. Lo son, pero una llave se puede girar en ambas direcciones. Si la giras hacia un lado encierras recursos de talento y creatividad. Si la giras en el otro sentido puedes liberar todos los recursos para que cada uno libere su talento todo lo que pueda. Para poder desarrollar todo nuestro potencial dentro de las organizaciones y en la vida en general, hace falta pensar de forma diferente. Tenemos que aprender a ser creativos.

Se trata de un libro clave para cambiar las organizaciones y el mundo
