Cos pés no aire é unha novela breve que recolle a historia de Daniel, un oficinista que leva unha vida monótona e gris. Un día, de xeito casual, descobre que pode elevarse polo aire con só desexalo intensamente. Temeroso de que outras persoas descubran o seu segredo, Daniel vese forzado a modificar todos os seus hábitos. Pero o cambio maior virá cando descubra que non é el só quen ten esa estraña cualidade. Velaquí unha narración onde se abordan as dificultades que algunhas persoas teñen polo feito de vivir nunha sociedade que exclúe o que non considera normal. Deste xeito, Cos pés no aire é unha lúcida e suxestiva parábola, na que latexa unha loanza da diferenza e unha invitación á autoestima. Un libro que, coma O Principiño ou outros títulos senlleiros, se dirixe a todas as persoas, sen distinción de idades. O libro, foi ilustrado por Miguelanxo Prado, que utiliza uns encadres orixinalísimos empregando unha técnica que lembra os seus mellores traballos.
