Eye of the Needle, Ken Follett's breakthrough international bestseller, is a heart-racingly exciting tale about the fate of the war resting in the hands of a master spy, his opponent and a brave woman.

Victory Hangs in the Balance

1944. In the weeks leading up to D-Day the Allies are disguising their invasion plans with elaborate decoys of ships and planes. If they can land a force on mainland Europe they will gain the upper hand in a war that has ravaged the world for years, and take the fight to the Nazi menace.

A Cold-blooded Killer

His weapon is the stiletto, his codename: The Needle. He is Hitler's prize undercover agent - a ruthless and professional murderer. In England he uncovers the Allies' D-Day plans but his cover is blown in the process.

A Deadly Chase

Leaving a trail of bodies in his wake, The Needle ruthlessly races to a U-boat waiting to convey him and his critical message to Germany, with MI5 on his tail. But he hasn't planned for a storm-battered island and the remarkable young woman who lives there .
