"Éste no es un libro escrito exclusivamente para psicólogos, sino para todo aquel que se interese en el dolor y en la posibilidad de superarlo. Sus protagonistas no han sido el fruto de un capricho literario, sino que los he visto desgarrarse, reír, llorar, frustrarse y enojarse en mi consultorio", escribe el licenciado Gabriel Rolón en el Prólogo. De esta manera, los "ocho relatos de vida" que componen este libro están basados en casos reales. En sesiones en las que analista y paciente llegan a un acuerdo para encarar juntos el camino que lleva a la verdad como único instrumento para destrabar el dolor. Celos, anorgasmia, duelos, infidelidad, culpa son algunos de los temas sobre los que Gabriel Rolón despliega su personal manera de entender el psicoanálisis.
