This unofficial guide to *Darkest Dungeon* and *The Crimson Court* is perfect for those who are willing to discover the deepest secrets of the gloomy dungeons which spread under the ancient and hostile mansion. This mansion used to belong to a family of a name which is so sinister and primeval that it had been forgotten by the time and consumed by the evil forces. The first chapter of this guide are covering the basics of the mechanics which rule the world of the *DD*. The second chapter of the guide focuses on the heroes' classes. The next chapter, which is also a bit shorter, depicts all the in-game beasts, rogues, demons, spawns and every other creature which can be encountered by your heroes. Last two chapters are focusing on the crucial locations; **The Town** and **the Dungeons**.

Guide was updated to The Darkest Dungeon The Crimson Court expansion. We added new maps, all new bosses and general tips for new DLC. We also added trinkets description. Additional chapter is dedicated to the new class in The Crimson Court - The Flagellant.
