La Isla Misteriosa es una de las novelas más populares de Julio Verne y es también la obra en que hace su reaparición el inolvidable personaje del Capitan Nemo (protagonista de 20,000 Leguas de Viaje Submarino).

Durante la guerra civil americana, cinco hombres logran escapar del asedio de Richmond en un globo aerostático que finalmente acabará estrellándose en una isla desierta de los mares del sur. Los cinco compañeros no tienen nada salvo su ingenio para sobrevivir. Muy pronto la isla se mostrará llena de secretos, misterios y enigmas.
