Los interesados en las ciencias sociales y criminológicas y los estudiantes y profesionales de las diferentes policías encontrarán en La mente criminal nociones esenciales de criminología forense aplicadas a casos criminales que conmovieron a una sociedad entera e incluso al mundo. Al analizar la forma de actuar y de pensar de los asesinos seriales su autor, Vicente Garrido, proporciona al lector unos conocimientos sobre cómo éstos crean su propia realidad y las formas peculiares en que llevan a la práctica sus terribles fantasías. De Jack el Destripador a Tony King, pasando por criminales notables de España (Gilberto Chamba, "el Monstruo de Machala", el Asesino de la Baraja) y del mundo (Richard Ramírez, Ted Bundy), este libro describe de modo riguroso pero fácilmente comprensible el mundo de los asesinos en serie, al tiempo que introduce apasionantes historias de revelación de las ciencias forenses.
