Gemstones are indeed so lovely and adorable! But you do not need to research them individually anymore because all of your favorite gemstones are found in one book! Loose Gemstone Guide takes you to a world of wonder and majesty as it presents over 75 precious stones man has ever seen! Complete with pictures and descriptions, be enthralled by these gemstones and be amazed by how nature has come to produce such charming and breathtaking work of art!

#### About the Author:

Pao Nipperkin is a History and Art student in Ohio. His interest in gemology started when he just 16 years old after he saw his great uncle's wide collection of stones for the first time. Impressed and amazed by their stunning beauty, Pao began researching and finding for more gemstones and their characteristics online. Aside from his passion in gemstones,

Pao is also a painter and an environmentalist.
