Daniel Lacalle, gestor de uno de los más importantes hedge funds y reconocido analista financiero, nos ofrece un fascinante viaje al interior del mundo de las altas finanzas, un entorno desconocido para la mayoría. Se trata de un sector que apenas entendemos, y al que a menudo, y de forma despectiva, nos referimos como «los mercados». Que entendamos qué son, cómo funcionan y por qué resultan imprescindibles es el objetivo de esta obra, la primera escrita por un autor español y desde dentro del propio sector.
