Non foi doado para Isla mudar de cidade e empezar de cero nun novo instituto. Devecía por dar un paseo polo espazo, avistando planetas a través do telescopio, mergullada no ventre do universo. Casiopea, o nome da tartaruga máxica de Momo, era o nick que empregaba nos foros sobre astronomía nos que participaba adoito. Alí coñeceu a Xúpiter, alguén que semellaba saber moito de estrelas. As longas conversas até ben entrada a madrugada prenderan unha luz, entre os dous existía unha maxia que traspasaba as fronteiras do ciberespazo. Isla sentiu a necesidade de sabelo todo sobre Xúpiter: onde vivía, a que instituto ía, o seu nome real... Quedaron para se coñecer nunha noite de San Xoán de cacharelas e mar embravecido. Foi entón, despois de despedirse da súa amiga Mar, cando Isla se precipitou na escuridade. A súa vida estaba a piques de cambiar para sempre.
