

Descargar libros Photoshop gratis (PDF | ePub | Mobi) J. Francisco Fernández Saura DG Media

PHOTOSHOP PARA NO INICIADOS Nº 3, es la tercera entrega del ya publicado con el mismo nombre. Se trata es un libro pensado para aquellas personas interesadas en aprender esta aplicación partiendo de cero. Al ser un libro electrónico, permite integrar el formato clásico de papel con elementos como videos, enlaces, imágenes ampliables a toda página, etc., haciéndolo ideal para su propósito, permitiendo al lector seguir los pasos que aconseja realizar el autor fácilmente.

Este volumen centra su atención en el menú Edición de Photoshop, con un único capítulo y dos secciones, la primera de ellas se ocupa de los comandos que, de algún modo, editan y modifican los píxeles nuestras imágenes; la segunda sección, está dedicada a los comandos que he denominado de gestión, ya que son los encargados de gestionar recursos de la aplicación.
