Robinson Crusoe on Mars

****Andy Weir's second novel Artemis, a high concept thriller set on the moon, is out now****

A survival story for the 21st century and the international bestseller behind the major film from Ridley Scott starring Matt Damon and Jessica Chastain.

I'm stranded on Mars.

I have no way to communicate with Earth.

I'm in a Habitat designed to last 31 days.

If the Oxygenator breaks down, I'll suffocate. If the Water Reclaimer breaks down, I'll die of thirst. If the Hab breaches, I'll just kind of explode. If none of those things happen, I'll eventually run out of food and starve to death.

So yeah. I'm screwed.

Andy Weir's second novel Artemis is now available
